Lesson 4 English

Elizabeth Sewell • Jan 22

100 points

To give instructions using commands

** Children to look at the front cover of the book and make some predictions:

Why are these animals in a boat together?

What do they have in common?

Where could they be going? Why?

Have a discussion about how they are endangered animals and what this means. Lead children to the fact that these animals are leaving their homes because they are endangered.

Ask the following questions:

Why are these animals leaving their home?

What advice could we give them?

What sort of words could we use if we are giving a command?

Please write keywords at the beginning of your answers to the questions.
